Subject : Monthly Report April 2012

For your information, please read the highlights on LRC activities during this month April 2012.

Visitors: LRC visitors this month are as follows: 2 students from Saramen Chuuk Academy came to read the FSM Constitution to prepare themselves for their debate. 25 Upward Bound students came on Saturday April 14, 2012 to use materials. MITC staff were given a brief training on iMac by Mr. Roby Dayston from the National government work at the congress IT department. The last person visited the LRC was Board of Region Mr. Graceful. Aside from these individual, LRC was also visited by our own students, faculty and staff.

Personnel: Our work-study students are still assist LRC staff until end of this semester. MITC technician Mr. Edson Asito was assigned by someone to fix 2 printers. One for the education division and one for English division and also installed their printers to their new computers.

Activities: We continue re-catalog books that are not on our Follett program and also asked Mr. Rick Chiwi English Division chair to weed our CRC Collection. Books weeded out by LRC Director Ms. Jennifer Hainrick and Ms. Juveline were given to Moch High school in the Mortlock region. Activities done by the MITC staff: set up Smart Board for business division, assist Land Grant staff set up the MITC lab for testing, set up PA system for Administration meeting with students, send to the National campus pictures of the new development at Chuuk campus.

Problems/Concern/Suggestions: Termites, termites, termites....the same concern and problem we encountered. The Pacific Room need a small air-conditioner to at least if possible prevent the invasion of the monster termites from ceiling to the floor. The renovation of the said LRC was not include the Pacific Room and that is the main problem. Termites are still crawling down from the ceiling to the floor and eaten up the newspapers and soon the very important Pacific materials.

MITC printer for Student ID is not function properly waiting for the software update which was send to the National campus 2 weeks ago.
