Memorandum

Friday, February 28, 2014

To: President
Through: Executive Council
From: Council of Chairs
Re: Recommendation to adopt stabilization as targeted improvement

Whereas the trends in a number of current indicators such as but not limited to enrollment, completion rates, and Full Time Equivalent enrollment, are negative and
Wherein maintaining the status quo was defined to mean maintaining the downward trend in the indicators and

Wherein maintaining the current values of the indicators was defined to be stabilization of those indicator values

The Council of Chairs unanimously recommended that the college adopt stabilization with the understanding that stabilization is improvement and with the further understanding that stabilization will not occur without specific actions and changes.
