KSO BAKESALE ASSESSMENT

Learning Benchmark and Outcome

KSO students, especially residence hall students, started early Tuesday afternoon to prepare some of the items that were to be sold at the Bake Sale on Wednesday, February 24th, 2016, in front of the Administration Building at COMFSM – National Campus. The learning outcomes expected from this activity were to enhance the cooperation among the students to successfully achieve a main goal. In addition, this activity would allow the students to take responsibility to support the organization by being resourceful constituents.

The outcome of this activity was very satisfactory considering that this is the first major fundraiser that the students held this semester. The result of this activity was generally reported by our organization Treasurer, Ms. SepeHetty Tolenoa. She reported that the amount collected from the bake sale was \$142.50 which she added in her report that it was a satisfactory amount for our first try. She also thanked everyone for their undivided effort in completing this fundraiser and encouraged everyone to continue being supportive and cooperative in our organization's activities.
