

Review of Performance: VEM 240 Industrial Wiring (*Independent Study*)
 Submitted by: Cirilo Recana

No. of Student: 3
 Semesters: Spring 2016

Institutional Student Learning Outcomes (ISLO's)

1. Effective oral communication
2. Effective written communication
3. Critical thinking
4. Problem solving
5. ***Intercultural knowledge and competence***
6. Information literacy
7. ***Foundations and skills for life-long learning***
8. Quantitative reasoning

Program Learning Outcomes (PLO's)

1. Practice safety and occupational health procedures in the workplace.
2. Use electricity hand and power tools competently.
3. Test electrical equipment.
4. Interpret schematic wiring diagrams and waveforms.
5. Determine the amount of load per circuit.
6. Install residential wiring circuits according to given specification and plan.
7. Identify and interpret basic solid state (electronics) symbols and circuits schematics commonly found in the electrical industry.
8. Analyze circuit operation on basic motors.
9. Perform basic troubleshooting on basic motors.
10. Install and perform basic maintenance on air-conditioning units.
11. ***Interpret and install circuits according to rules and regulations of the National Electrical Code book.***
12. ***Install and analyze basic motor control circuits.***

Additional observations: In reference with the data presented above, students' interest in hands-on activities shows high percentage. This means that competency skills develop by the students in hands-on are more effective way of transferring knowledge and assimilation of technology transfer.

FINAL GRADES:

A = 2 B = 1
C = 0 D = 0
F = 0

Recommendations: Laboratory equipments must be sufficiently provided so that lab exercises will be well performed by the students. A ratio of 1:2 laboratory equipments per students is ideal. Course modification should be schedule every 3 years to keep in phase with the current equipment and competencies students must learn. The Simutech Troubleshooting Skills software should be keep updated to the current version as available. Funding must be instituted to cope with the course expenses for purchasing instructional materials.
