Subject: Improvements to the FSM China Friendship Center

During its last meeting on Friday, March 3, 2017, the Facilities and Campus Environment Committee endorsed the following requests, as compiled by Castro Joab, concerning the FSM China Friendship Center:

1. Renaming the "Practice Gym" to "Multi-Purpose Hall" in order to better reflect its many areas of use
2. Repairing the stage lights to make them operational again for music concerts and other social events
3. Fixing up the space between the containers to have a permanent "Resistance Training Center", or designating one of the table tennis rooms to weightlifting and cardio training
4. Grilling or gating the main entrance to the gym in order to minimize trashing and sakau spots
5. Installing a permanent post in the main competition court to better accommodate ESS volleyball and other recreational activities
6. Installing lights over the outdoor basketball courts, so that students and community members can enjoy playing at night. Hopefully, this will also encourage friendship and unity (as well as lesser alcohol consumption) within our community

Thank you for considering these recommendations, and please do not hesitate to contact us for further information or clarification.
