<p>Agenda/Major Topics of Discussion:</p> <p>Review of BP8500 and BP8600</p> <ul style="list-style-type: none"> ● Chair started the meeting at exactly 3:01 pm with a rollcall, to determine the quorum. He presented the BP8500 and BP8600 and informed the Committee that he received no recommendation to revise the policies. It means that the Committee members still agree with the policies. ● Chair reminds everyone that BP comes with the specific rules or implementing guidelines that are in the AP. But at the moment only the BP is assigned to the ICT Committee for review. ● Chair declares that the Committee unanimously agrees that the contents and wordings of BP8500 and BP8600 are still acceptable and applicable for the college. He will inform the office of VPIEQA and the IT Director of the Committee's decision. ● Vasantha inquired if anything is needed to be changed in the policy, will the Committee address it. ● Chair responded that the Committee will make recommendations and submit them to the office of the VPIEQA and ICT Director. Then they will endorse it to the cabinet for approval. ● Edper made a motion to endorse BP8500 and BP8600 to the office of VPIEQA and ICT Director without revisions. 	

- Motion is approved and the Chair will submit the endorsement to the office of VPIEQA and ICT Director

Other matters (Report from different campuses)

- National campus – nothing to report.
 - Edper makes a follow-up on his question to VPIEQA regarding the transfer from Schoology to Canvas without consultation with the faculty.
 - Chair answer the question based on what he knows;
 1. Canvas is still in pilot or testing mode and it will not be implemented without consulting the faculty.
 2. The Final report will be gathered and analyzed by the ICT office from the volunteer faculty and will be presented to the faculty and concerned Committee.
 - Mike inquires if Schoology is really transitioning to secondary education and if Canvas is really designed for tertiary education.
 - Chair responded yes, Schoology will be concentrating in K to 12 but some of Schoology’s features are still applicable for college education. But he also said that all data collected from the Canvas pilot will be presented by the ICT office to the faculty and will ask their inputs for the migration.
- Yap campus is experiencing an internal fiber problem and trying to fix it.
- FMI – nothing to report
- Chuuk campus – nothing to report
- Kosrae campus – No update. Except for some minor problems with the satellite when it is raining.
- CTEC – Nothing to report
- Chair informs the Committee that he will be presiding two more meetings (March and April) before the new chair (Edper) takes over.
- Edper moves to adjourn the meeting at 3:35 pm.
