What services are available to attract new and off island students to choose the residence halls a top priority?

First Means of Assessment for Evaluation Question Identified Above (from your approved assessment plan 3-7):

1a. Means of Unit Assessment & Criteria for Success (3-8):

A Satisfaction Survey contacted in the halls to majority of the residence and expected 75% will be satisfied with the living environment and the services provided to them.

1b. Summary of Assessment Data Collected (3-9):

Survey results were never returned so no further actions took place.

1c: Use of Results to Improve Program/Unit Impact/Services [Closing the loop] (3-10):

The Residence Halls could have been better if the results of the survey provided and it will be task of the residence hall advisors to follow up and work from there.

Second Means of Assessment for Evaluation Question Identified Above (from your approved assessment plan) (3-11):

2a. Means of Unit Assessment & Criteria for Success:

Some tutoring and counseling are continuously on going in the Halls.

2b. Summary of Assessment Data Collected:

Logging showed that there is peer to peer learning and one on one counseling and it is helping the students.

2c: Use of Results to Improve Program/Unit Impact/Services [Closing the loop]:

All of the little team work coming from all four corners of the residence hall, there had been major improvements physically and mentally among the hall users. And so far there quite a number of students graduating from the Halls.
