

Founding day committee meeting  
14:00 Tuesday 03 December 2013

Present: JP Santos, Jon Tyrone Celestine, Roldan, Morehna Rettin-Santos, Eugene Edmun, Benina Ilon, Jim Alexander.

Castro on sick leave, Dali on maternity leave.

Track and field not available. Venue options include national campus and NOC swimming pool. The committee discussed the option of using the swimming pool. About 900 students. Accomodations? Committee discusses options including something like the US Embassy American Sports in Action run. Complications include that pool can only accommodate a few athletes, not mass participation.

Committee turns attention to holding founding day on national site. National site is large. 50 meter races, easy-dizzy, other events can be held.

The choice of venue will constrain what sports can be engaged in. The suggestion is to take the venue choice discussion out to the students, staff for input.

Theme? \$50 cash prize theme contest.

Fundrising? Coronation? Find and redistribute the point system.

Committee returns to discussion of venue. Committee discusses option of teams by major, but student representative does not agree to the concept. Other members voice support for the student's reps position: state based teams.
