Review of Performance: (BU098/P1 Business Math, Fall 2013, 24 students)

| slo\# | CA in Bookkeeping Program SLO\# | I, D, M | Reflection/Comment |
| :---: | :---: | :---: | :---: |
| General SLO 1: Demonstrate understanding of basic mathematics concepts; |  |  |  |
| 1.1 Perform basic operations of fractions | \#5. Perform business computations and apply logic as needed. | $\mathrm{D}=24$ | 24/24 students successfully met this SLO with a rating $80 \%$ or above based on assessment results from 3 classroom exercises, 1 quiz, and 1 exam. |
| 1.2 Perform the basic operations of decimals |  | D $=24$ | 24/24 students successfully met this SLO with a rating $80 \%$ or above based on assessment results from 3 classroom exercises, 1 quiz, and 1 exam. |
| 1.3 Write decimals and fractions as percents |  | D $=24$ | 24/24 students successfully met this SLO with a rating $80 \%$ or above based on assessment results from 2 classroom exercises, 1 take-home assignment, 1 quiz, and 1 exam. |
| 1.4 Analyze statistical problems using frequency distribution, graphs, mean, median, mode, and standard deviation |  | $\begin{aligned} & I=5 \\ & D=19 \end{aligned}$ | 19/24 students successfully met this SLO with a rating $70 \%$ or above based on assessment results from 2 classroom exercises, 1 quiz, and 1 exam. |
| 1.5 Solve basic equations and applications |  | $\begin{aligned} & I=4 \\ & D=20 \end{aligned}$ | 20/24 students successfully met this SLO with a rating $70 \%$ or above based on assessment results from 3 classroom exercises, 1 quiz, 1 group project and 2 exams. |
| General SLO 2: Demonstrate basic skills in business applications; |  |  |  |
| 2.1 Identify banking services, the checking services and credit card transactions | \#5. Perform business computations and apply logic as needed | $\begin{aligned} & I=4 \\ & D=20 \end{aligned}$ | 20/24 student successfully met this SLO with a rating $70 \%$ or above based on assessment results from 1 classroom exercise, 1 quiz, and 1 exam. |
| 2.2 Prepare bank reconciliation statements |  | $D=24$ | 24/24 students successfully met this SLO with a rating $70 \%$ or above based on assessment results from 1 classroom exercise, 1 quiz, 1 take-home assignment, |

|  |  |  | and 1 exam. |
| :---: | :---: | :---: | :---: |
| 2.3 Compute gross earnings and net pay using a variety of payment methods and kinds of deductions |  | $\begin{aligned} & I=4 \\ & D=20 \end{aligned}$ | 20/24 students successfully met this SLO with a rating $70 \%$ or above based on assessment results from 3 classroom exercises, 1 quiz, 1 group project and 2 exams. |
| 2.4 Solve sales and property tax problems |  | $\begin{aligned} & I=4 \\ & D=20 \end{aligned}$ | 20/24 students successfully met this SLO with a rating $70 \%$ or above based on assessment results from 1 classroom exercise, 1 quiz, and 1 exam. |
| General SLO 3: Demonstrate basic skills in business retailing; |  |  |  |
| 3.1 Understand how invoices are prepared and the computation of trade and cash discounts | \#5. Perform business computations and apply logic as needed | $\begin{aligned} & \hline I=6 \\ & D=18 \end{aligned}$ | 18/24 students successfully met this SLO with a rating $70 \%$ or above based on assessment results from 1 group exercise, 1 take-home assignment, and 1 quiz. |
| 3.2 Perform calculations relating to markup based on cost and selling price and computation of markdown. |  | $\begin{aligned} & I=6 \\ & D=18 \end{aligned}$ | 18/24 students successfully met this SLO with a rating $70 \%$ or above based on assessment results from 1 group exercise, 1 take-home assignment, 1 quiz, and 1 exam. |
| 3.3 Calculate the value of inventory by weighted average, LIFE, or FIFO |  | $\begin{aligned} & I=12 \\ & D=12 \end{aligned}$ | $12 / 24$ students successfully met this SLO with a $70 \%$ or above based on assessment results from 1 classroom exercise and 1 quiz. |
| General SLO 4: Demonstrate basic skills in business finance and accounting. |  |  |  |
| 4.1 Understand how altering principal, rate, and time affect the simple interest on an amount | \#5. Perform business computations and apply logic as needed | $\mathrm{D}=24$ | 24/24 students successfully met this SLO with a rating of $70 \%$ or above based on assessment results from 1 classroom exercise, 1 group exercise, 1 quiz, and 2 exams. |
| 4.2 Apply the concept of value changing over time in a simple interest note to calculate maturity value and/or present value |  | $\mathrm{D}=24$ | 24/24 students successfully met this SLO with a rating of $70 \%$ or above based on assessment results from 1 classroom exercise, 1 group exercise, 1 quiz, and 2 exams. |
| 4.3 Understand how compound interest differs from simple interest, and calculate the compound |  | $\begin{aligned} & I=4 \\ & D=20 \end{aligned}$ | 20/24 students successfully met this SLO with a rating of $70 \%$ or above based on |

| amount given the various rates and <br> compounding periods |  | assessment results from 2 classroom <br> exercises, 1 take-home assignment, 1 quiz, <br> and 2 exams. |  |
| :--- | :--- | :--- | :--- |
| 4.4 Calculate and compare various methods of <br> depreciation |  | $\mathrm{D=24}$ | $24 / 24$ students successfully met this SLO <br> with a rating of $70 \%$ or above based on <br> assessment results from 1 classroom <br> exercise, 1 group exercise, and 1 quiz. |
| 4.5 Interpret date using mean, median, mode, index <br> numbers, graphs, and standard deviation |  | $\mathrm{I}=9$ <br> $\mathrm{D}=15$ | $15 / 24$ students successfully met this SLO <br> with a rating of $70 \%$ or above based on <br> assessment results from 1 classroom <br> exercise and 1 quiz. |

Additional observations: Success rates may be the result of more than half of those enrolled being placed in MS096 or higher, with 4 in MS101 based on COMET results. (unofficial data gathered through individual interviews with students).

Special comments: Overall grading shows $3 \mathrm{As}, 5 \mathrm{Bs}, 11 \mathrm{Cs}$, and 5 Ds ; although no failures, those who received Ds were due to absences, low scores in quizzes, and the final exam.

Recommendations: Students who are tested into MS099 or higher need not take this course; pre-requisite courses should include MSO95 and BK095.

Please check which of the following were assessed in this course:

## Institutional Student Learning Outcomes:

COM-FSM graduates will demonstrate:
a) __Effective oral communication
b) __Effective written communication
c) _x_Critical thinking
d) _x_Problem solving
e) __Intercultural knowledge and competence
f) __Information literacy
g) _x_Foundations and skills for life-long learning
h) _x_Quantitative Reasoning
