[2017 COM-FSM Annual Security and Fire Safety Report](#)

Reporting Period: 2016 - 2017

Target Met: Yes

On September 26, 2017, the college's campus security and safety completed Campus Security and Safety Survey as required by the US Department of Education (US ED), under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or the Clery Act, and the Higher Education Opportunity Act, earlier than the October 18, 2017, deadline as set by US ED.

The survey included college-wide data (National Campus, CTEC-Pohnpei, Kosrae Campus, Chuuk Campus, Yap Campus, and the FSM Fisheries and Maritime Institute) on Clery crimes on campus, on student housing facilities, and on public property (e.g., criminal offenses, hate crimes, VAWA offenses, arrests, disciplinary actions, unfounded crimes) and fire data, including fire summary for period beginning August 2016, and ending August 2017. (10/02/2017)

[2014-2016 Clery Crime and Fire Statistics](#)

Improvement: The college's campus security and safety shall work with the Information Technology Office (ITO) to designing, developing, and implementing a database system to record Clery crime and fire statistics, including routine logs, citations, incident reports, and the like; as such, routine tasks and operations becoming less clerical in nature.

Revise citation, incident report, and other routine forms, including reporting forms (e.g., complaints, etc).

In collaboration with the ITO, update the college's campus security and safety webpage on the college's website to include updated contact information, security and safety including fire

safety tips, allowing access to the college's disaster plan and emergency preparedness plan, and others.

The college's campus security to conduct or facilitate in-house for security officers in the areas of, but by no means not limited to, applicable US Federal regulations, e.g., Clery Act, VAWA, Title IX, FERPA, etc., incident report writing, patrolling, etc. (10/03/2017)

Reporting Period: 2016 - 2017

Target Met: Yes

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or the Clery Act is a U.S. federal statute codified at 20 U.S.C. § 1092(f), with implementing regulations in the U.S. Code of Federal Regulations at 34 C.F.R. 668.46. The Clery Act requires all colleges and universities that participate in federal financial aid programs to publish an annual security report by October 1st that documents three calendar years of campus crime and fire statistics and certain campus security policy statements.

Descriptive Statistics - Publish an annual security report by October 1, 2017, that documents three calendar years of campus crime and fire statistics and certain campus security policy statements.
Target: 2016-2017 Annual Security and Fire Safety Report

Improvement: Continue to maintain compliance with the US ED requirements in terms of publishing an annual security report by October 1 of each academic year -- ideally report should be completed a week before the posting date (or October 1) for a more thorough review.

Ensure that publication of the report complies with the college's publication standards and requirements. (10/03/2017)

On September 29, 2017, the college's campus security and safety completed the 2017 COM-FSM Annual Security and Fire Safety Report, and in collaboration with the college's Information Technology Office (ITO) published it via the news feed, for a college community-wide circulation, including the public:

<http://www.comfsm.fm/myShark/news/item=1880/mod=0>
7:08:40. (10/03/2017)

2016-2017 CS&S Outcome 2 - Provide 24/7 campus security and safety services to ensure a safe and secure environment that enhances the well-being of students, faculty, staff, and visitors, and protect all college's property

Descriptive Statistics - Continue to maintain an adequate staffing level for campus security and safety at each campus location.

Target: Meet the recommended staffing level for campus security and safety by campus.

AUO Status: Inactive

AUO Assessment Cycle: 2016 - 2017

Reporting Period: 2016 - 2017

Target Met: No

The recommended staffing level for the college's campus security and safety, system-wide, is 47 security officers, i.e., in order to provide a 24-hour, seven days per week security and safety services, three shifts per day (8:00 AM to 4:00 PM, 4:00 PM to 12:00 Midnight, and 12:00 Midnight to 8:00 AM shifts), and with the recommended number of security officer per shift, based on the campus' needs.

National Campus

The campus has an area of 73 acres. The recommended staffing level for the campus' security and safety is 13 security officers, and a security and safety supervisor who has oversight of the college's campus security and safety, system-wide. To provide a 24/7 security and safety services, a minimum of three security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 3 security officers = 504 hours per week. 13 security officers can provide 520 hours of security works per week.

As of assessment report, the campus' security and safety has only 10 security officers, and a security and safety supervisor, as a result of the termination of one security officer, and the resignation of two security officers. Of these ten security officers, nine are employed as regular or full-time staff, while one on-special contract.

Kosrae Campus

The campus has an area of 5 acres. The recommended staffing level for the campus' security and safety is five security officers, i.e., one security officer per shift. A 24/7 security and safety operation require 168 hours per week. The five security officers can provide 200 hours of security works per week. As of assessment report, the campus' security and safety has an adequate staffing level.

Improvement: Continue to work with the student services coordinators and lead security officers at the state campuses, including the Human Resources Office (HRO) on the hiring of additional security officers to meet the recommended staffing level.

Work with the Office of the VPEMSS to submit vacancy review to the Cabinet to fill in four regular positions for the National Campus' security and safety.

Work with HRO to revisit and revise the minimum qualification for a campus security and safety officer to include at least an associate degree, including revision of the job's description (functions and responsibilities) (10/04/2017)

Yap Campus

The campus has an area of 7 acres. The recommended staffing level for the campus' security and safety is five security officers, i.e., one security officer per shift. A 24/7 security and safety operation require 168 hours per week. The five security officers can provide 200 hours of security works per week. As of assessment report, the campus' security and safety has an inadequate staffing level. The campus has only three full-time security officers; however, the hiring of two additional security officers is in progress. To maintain a 200 hours of security and safety operation per week, the campus currently requires overtime works for its security and safety officers.

FSM Fisheries and Maritime Institute

The recommended staffing level for the campus' security and safety is five security officers, i.e., one security officer per shift. A 24/7 security and safety operation require 168 hours per week. The five security officers can provide 200 hours of security works per week. As of assessment report, the campus' security and safety has an inadequate staffing level. The campus has only three full-time security officers; however, the hiring of two additional security officers is in progress. To maintain a 200 hours of security and safety operation per week, the campus currently requires overtime works for its security and safety officers.

Chuuk Campus

The campus has an area of two acres. The recommended staffing level for the campus' security and safety is nine security officers, i.e., one security officer per shift. To provide a 24/7 security and safety services, a minimum of two security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 2 security officers = 336 hours per week. The nine security officers can provide 360 hours of security works per week. As of assessment report, the campus' security and safety has only seven security officers. Nonetheless, the hiring of the additional two security officers is in progress.

Pohnpei Campus

The campus has an area of 16.6 acres. The recommended staffing level for the campus' security and safety is 9 security officers, i.e., two security officers per shift. To provide a 24/7 security and safety services, a minimum of two security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 2 security officers = 336 hours per week. The nine security officers can provide 360 hours of security works per week. As of assessment report, the campus' security and safety has only eight security officers, and a security and safety supervisor. Of these eight security officers, two are employed as full-time (or regular employees), and six on-special contract. (10/04/2017)

Reporting Period: 2016 - 2017

Target Met: Yes

Descriptive Statistics - Provide in-house training for campus security and safety officers.

Target: In-house training for campus security and safety officers

The college has contracted Timothy Fenlon of the LawESS, Incorporated, as consultant on security and safety matters, which also include facilitating trainings in areas of incident report writing, patrolling, conducting investigation, and others.

Training sessions for the campus security and safety supervisor, and the security officers from the National Campus and the CTEC-Pohnpei were conducted during the first three weeks of September, 2017. On September 11, 2017, a training needs assessment and incident report writing was conducted for the the student services coordinator and the security officers at Kosrae Campus.

Training needs assessment and incident report writing training are also scheduled for Chuuk Campus, and Yap Campus and FSM FM on October 2, 2017, and October 4-5, 2017, respectively. (10/04/2017)

Improvement: Continue to facilitate and organize training for the college's campus and security officers to include adeptness of applicable US federal regulations, such as Title IX, the Clery Act, VAWA, FERPA, including college's policies and their procedures, applicable FSM national, state and local public laws or statutes and requirements.

Continue to organize trainings and/or drills relating to emergency response and preparedness.

Work on developing (or updating) the manual for security and safety operations and procedures, including the emergency preparedness and response.

(10/04/2017)

2017-2018 Campus Security & Safety Outcome 1 - Maintain compliance with applicable US Federal Regulations, such as but by no means not limited to, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (1990), as amended in 2015 (Clery Act), the Violence Against Women Act (1994), as amended in 2015 (VAWA), Title IX, Education Amendments of 1972 (Title IX), and the Higher Education Act of 1965.

contract.

Kosrae Campus

The campus has an area of 5 acres. The recommended staffing level for the campus' security and safety is 5 security officers, i.e., one security officer per shift. A 24/7 security and safety operation requires 168 hours per week. The 5 security officers can provide 200 hours of security works per week. As of the assessment report, the campus' security and safety has 3 security personnel on permanent status. Kosrae Campus needs 2 permanent security personnel to meet the recommended staffing level.

Yap Campus

The campus has an area of 5 acres. The recommended staffing level for the campus' security and safety is five security officers, i.e., one security officer per shift. A 24/7 security and safety operation requires 168 hours per week. The five security officers can provide 200 hours of security works per week. As of assessment report, the campus' security and safety has an inadequate 3 security personnel who are on permanent status. The campus has only 3 full-time security officers; however, the hiring of two additional security officers is in progress. To maintain 200 hours of security and safety operation per week, the campus currently requires overtime work

FSM Fisheries and Maritime Institute

The recommended staffing level for the campus' security and Safety is 5 security officers, i.e., one security officers per shift A 24/7 security and safety operation require 168 hours per week. The five security offices can provide 200 hours of security works Per week. As of assessment report, the campus' security and safety has 3 security officers who are on permanent status. FMI needs two additional security personnel to meet the recommended staffing level.

Chuuk Campus

The campus has an area of two acres. The recommended staffing Level for the campus' security and safety is 9 security officers, i.e. one security officer per shift. To

provide 24/7 security and safety services, a minimum of two security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 2 security officers = 336 hours per week. The nine security officer can provide 360 hours of security works per week. As of assessment, the campus security and safety has 8 security officers. Chuuk Campus needs 1 female security officer to meet the recommended staffing level.

CTEC-Pohnpei

The campus has an area of two acres. The recommended staffing level For the campus' security and safety is 9 security offices, i.e., two security Offices per shift. To provide a 24/7 security and safety services, a minimum Of two security officers are assigned per shift or three shifts per day. Simply Put, 24/7=168 hours (per week) x 2 security officers=336 hours per week. The nine security officers can provide 360 hours of security works per Week. As of assessment report, the campus security and safety Has an adequate of staffing level. Of all the nine security offices, one is on permanent status while 7 on special contract.

All campuses requires 1 female security officer excluding the National Campus requires to hire two female security officers because of the Female Residence Hall. (10/04/2018)

Improvement Plan: National Campus

2018-2019 Campus Security & Safety **Descriptive Statistics** - continue to maintain an adequate staffing level for campus security and safety college-wide.
Outcome 1 - Continue to provide a 24-hours, 365-day Services essential to maintaining a reasonably safe and secure environment in which member of the college community can pursue their various activities, and the college can fulfill its mission.
Target: Meet the recommended staffing level for campus security and safety by campus

security officers and a security supervisor who has oversight on the college's campus security and safety system-wide. To provide 24/7 security and safety services, a minimum of three security officers are assigned per shift or three shifts per day. Simply put 24/7=168 hours (per week) x 3 security officers = 504 hours per week, 13 security officers can provide 520 hours of security works per week. As of assessment report, the campus' security and safety has an adequate of 13 security officers. Of these 13 security officers, 8 are on permanent status while 5 on special contract. 5 regular position

Kosrae Campus

The campus has an area of 5 acres. The recommended staffing level for the campus' security and safety is 5 security officers, i.e., one security officer per shift. A 24/7 security and safety operation requires 168 hours per week. The 5 security officers can provide 200 hours of security works per week. As of the assessment report, the campus' security and safety has an adequate 3 staffing level. Kosrae Campus needs 2 security personnel to meet the recommended staffing level.

Yap Campus

The campus has an area of 5 acres. The recommended staffing level for the campus' security and safety is 5 security officers, i.e. one security officer per shift. A 24/7 security and safety operation requires 168 hours per week. The five security officers can provide 200 hours of security works per week. As of assessment report, the campus' security and safety has an inadequate staffing level. The campus has only 3 full-time and 1 on special contract; however, the hiring of two permanent position additional security officers is in progress. To maintain 200 hours of security and safety operation per week, the campus currently requires overtime work

FSM Fisheries and Maritime Institute

The recommended staffing level for the campus' security and Safety is 5 security officers, i.e., one security officers

per shift A 24/7 security and safety operation require 168 hours per week. The five security offices can provide 200 hours of security works Per week. As of assessment report, the campus's security and safety Have an inadequate staffing level of 3 security officers who are on permanent status. FMI needs 2 more additional security officer to meet the recommended staffing level

Chuuk Campus

The campus has an area of two acres. The recommended staffing Level for the campus' security and safety is 9 security officers, i.e. one security officer per shift. To provide 24/7 security and safety services, a minimum of two security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 2 security officers = 336 hours per week. The nine security officer can provide 360 hours of security works per week. As of assessment, campus security and safety has 8 security officers who are on regular status. So Chuuk campus will be needing 1 additional security personnel to meet the recommended staffing level.

CTEC-Pohnpei

The campus has an area of two acres. The recommended staffing level For the campus' security and safety is 9 security offices, i.e., two security Offices per shift. To provide 24/7 security and safety services, a minimum Of two security officers are assigned per shift or three shifts per day. Simply Put, 24/7=168 hours (per week) x 2 security officers=336 hours per week. The nine security officers can provide 360 hours of security works per Week. As of assessment report, the campus security and safety has 7 security on special contract and 1 on regular status. CTEC needs 8 security personnel to meet the recommended staffing level.

(06/10/2019)

Improvement Plan: work with the Human Resources Office (HRO) on the requested vacancies of hiring additional security offices to meet the recommended staffing level.

2018-2019 Campus Security and Safety Outcome 2 - Maintain compliance with applicable US Federal Regulations, such as but by no means not limited to, the Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act (1990), as amended in 2015 (Clery violence Against Women Act (1994), as amended in 2015 (VAWA) Title IX, Education Amendments of 1972 (Title IX), and the Higher Education Act of 1965.

2019 - 2020 CS&S Outcome 1 - 2019-2020 CS&S Outcome 1 Maintain compliance with applicable US federal regulations, such as but by no means not limited to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or the Clery Act (1990) as amended in 2015 (Clery Act Violence Against Women Act (1994), as amended in 2015 (VAWA) Title IX, Education Amendments of 1972 (Title IX), and the Higher Education Act of 1965.

AUO Status: Inactive

AUO Assessment Cycle: 2019 - 2020

Start Date: 10/19/2018

Inactive Date: 09/30/2019

Descriptive Statistics - In

collaboration with the college's Information Technology Office (ITO) continue to update campus security and safety webpage on the college website to include, but by any means not limited to, updated contact information, Annual Security and Fire Safety Reports, Clery Crime and Fire Data Statistics, access to the college's Disaster and Emergency Preparedness (or response) Plan or protocol, campus maps and others (Active).

Target: 2019-2020 Campus Security and Safety webpage on the college website.

Reporting Period: 2019 - 2020

Target Met: Yes

The Campus Security and Safety (CS&S) webpage on the college's website (www.comfsm.fm) has been updated to include general information, e.g., mission and diversity statements; services provided; relevant policies; crime prevention guides and tips; Annual Security and Fire Safety Reports, Clery Crime and Fire Data Statistics; contact information; and forms for routine office operations and use.

The college's website has also been updated to include a Title IX and Sexual Misconduct webpage, in compliance with Title IX of the Education Amendments of 1972, and its implementing regulation at 34 C.F.R. Part 106 (Title IX), especially with the college receiving U.S. Federal Financial assistance.

Improvement: The Campus Security and Safety (CS&S) webpage on the college's website (www.comfsm.fm) has been updated to include general information, e.g., mission and diversity statements; services provided; relevant policies; crime prevention guides and tips; Annual Security and Fire Safety Reports, Clery Crime and Fire Data Statistics; contact information; and forms for routine office operations and use.

However, CS&S will continue to work with ITO to deactivate active

links to web-based info relating to CS&S in order to aptly reflect current organizational structure, i.e., CS&S was transferred to EMSS in 2013. Further, links to updated or revised COM-FSM Disaster Management Plan and Title IX/Sexual Misconduct should be added in the CS&S webpage. (06/23/2020)

On December 31, 2018, the college updated its 2012 Emergency Response Plan, which was then presented to the Board of Regents. However, the revised plan is yet to be published on the college website to replace the 2012 Emergency Response Plan currently under the VPAS webpage, http://www.comfsm.fm/vpa/er/Emergency_Response_Plan.pdf. (06/22/2020)

Improvement Plan: Continue to work with ITO to remove and update existing and active links. Currently, VPAS webpage on the college's website includes a link to CS&S. Then, CS&S was under Maintenance & Facilities, Department for Administrative Services. However, in 2013, CS&S was transferred as one of the administrative units under the Department for Enrollment Management and Student Services (EMSS).

Descriptive Statistics - Conduct in-house training to security and safety officers college-wide in the areas of, but by no means not limited to, applicable US Federal Regulations such as but by no means not limited to, the Jeanne Clery Disclosure of Campus Statistics Act (1990), as amended in 2015 (VAWA), Title IX, Education Amendment of 1972 (Title IX), and the Higher Education Act of 1965, roles and responsibilities, incident reporting and recording, first-responders, and others.

Target: In house training per academic year

Reporting Period: 2019 - 2020

Target Met: Yes

In support fulfillment of the college's 2018-2023 strategic direction 2-Strengthen resources to meet current and future needs, specifically by investing in employee development and capacity building to improve practices, S&S continues to provide in-house trainings for its personnel.

During the first three weeks of June 2020, newly-hired CS&S personnel at the National Campus and the Career & Technical Education Center (CTEC) participated in series of trainings facilitated by Mr. Timothy Fenlon of LawESS, Incorporated, who had been contracted by the college as consultant on matters relating to security and safety.

Delivered via Zoom due to the current unprecedented health challenges (COVID-19 crisis), these trainings include roles and responsibilities, incident report writing, patrolling,

Improvement: CS&S officers were able to develop or enhance both their verbal and written communication skills, such as but by no means not limited to writing detailed reports regarding observations and incidents. They became adept with their roles and responsibilities as CS&S personnel, and with applicable US federal regulations. (06/24/2020)

conducting an investigation, applicable US federal regulations, and others.

CS&S will continue to schedule training sessions for its personnel. (06/23/2020)

Improvement Plan: CS&S should expand this capacity-building initiative to include trainings for newly-hired security officers, college-wide; and trainings for other security officers to upgrade their skills and adeptness particularly in effectively carrying out their roles and responsibilities.

[BOR Report: Training for newly-hired security officers](#)

Reporting Period: 2019 - 2020

Target Met: No

During the summer of 2018, the Office of the Director of Student Life (DSL) conducted a survey to focus groups of students specifically to elicit feedback and recommendations from female students at COM-FSM regarding their feelings of physical safety at National Campus. Among the recommendations of this survey is the need to address the lack of lighting on campus. Students requested that either new street lights be installed in the following locations or existing lights be fixed:

- Along the walkway to the Nursing Building, behind the Dining Hall & the Learning Resources Center;
- Around the trees and benches near Buildings A and B;
- Around the Residence Halls;
- Underneath the Residence Hall balconies;
- Around the volleyball court; and
- Around the basketball court.

The foregoing recommendation/request had been communicated by then Director of Student Life to the Director of Maintenance and Facilities, and the supervisor of CS&S on April 18, 2019.

CS&S diligently worked and made several follow-up with Maintenance and Facilities which has the oversight of this

Descriptive Statistics - Work with Maintenance & Facilities to provide street lights to blind-spot area and off limit access areas which have been a security and safety concern from the students who expressed feeling of being unsafe while on campus especially during the night.

Target: Street light poles and traffic post

Improvement: The target has not been achieved to date. CS&S should continue to follow-up with the college's Maintenance and Facilities to address the request for additional street lights at the National Campus. Finally, CS&S should conduct similar needs assessments at each state campuses, including FSM-FMI. (06/30/2020)

area. However, it is unfortunate that there has been no positive progress to this request to either install additional street lights or fix existing street lights in identified areas. According to the college's Maintenance and Facilities, one of the many reasons is the unavailability of solar lights on island. (06/23/2020)

Improvement Plan: Continue to follow-up with Maintenance and Facilities to address the request. Additionally, conduct similar need assessments (street lights and other essential security and safety needs) at each state campuses, including FSM-FMI.

[FG Report - SU 2019_compressed.pdf](#)

Reporting Period: 2019 - 2020

Target Met: No

CS&S Staffing level: National Campus, as approved by the Cabinet

The recommended staffing for CS&S at the National Campus is 13 non-sworn security personnel, and a supervisor who has college-wide oversight of the college's campus security and safety. To provide a 24/7 security and safety services, a minimum of three officers are assigned per shift (or three shifts per day). Thus, 24/7 = 168 hours per week x three non-sworn security personnel = 504 hours per week. The 13 full-time (or regular) non-sworn security personnel can provide 520 hours of security works per week.

Target: Hire two s security officers on-special contract

Descriptive Statistics - Work with VPEMSS office to request additional of two special contract security officers to increase number of security personnel during the evening shift and graveyard shift at the National Campus from three security officers per shift to four security officers per shift.

Improvement: CS&S at the National Campus continues to provide 24 hours per day, seven days per week, 365 days per year security and safety services, with three shifts per day (8:00 AM to 4:00 PM, 4:00 PM to 12:00 midnight, and 12:00 midnight to 8:00 AM), (06/24/2020)

National Campus has an unfenced area of 73 acres. Thus, with the three security officers per shift each officer is to cover an area of more or less 24 acres. While, there is an obvious and apparent need for additional CS&S officers if based on area that one CS&S at the National Campus should cover per shift to patrol and monitor to prevent theft, violence, or infractions of rules, the hiring of additional CS&S may be profoundly challenging due to budgetary constraints. (06/23/2020)

Improvement Plan: CS&S to conduct a comprehensive review of its current staffing level, vis-a-vis several variables, e.g., community, physical, and others, in the

anticipation of determining the reasonable staff-level per campus.

Descriptive Statistics - Complete the 2020 Campus Security and Safety Survey, as required by US Department of Education (US ED), specified under teh Jeanne Clery Disclosure of Campus Security and Safety Policy and the Campus Crime Statistics Act of the Clery Act on or before the deadline.

Target: 2020 Campus Security and Safety Survey

Notes: Campus Security and Safety Survey was completed on September 2019

Reporting Period: 2019 - 2020

Target Met: Yes

On September 2019, the college's campus security and safety completed Campus Security and Safety Survey as required by the US Department of Education (US ED), under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or the Clery Act, and the Higher Education Opportunity Act, earlier than the October 18, 2017, deadline as set by US ED.

The survey included college-wide data (National Campus, CTEC-Pohnpei, Kosrae Campus, Chuuk Campus, Yap Campus, and the FSM Fisheries and Maritime Institute) on Clery crimes on campus, on student housing facilities, and on public property (e.g., criminal offenses, hate crimes, VAWA offenses, arrests, disciplinary actions, unfounded crimes) and fire data, including fire summary for the period beginning August 2018, and ending August 2019. (06/24/2020)

Improvement: The college's campus security and safety shall work with the Information Technology Office (ITO) to designing, developing, and implementing a database system to record Clery crime and fire statistics, including routine logs, citations, incident reports, and the like; as such, routine tasks and operations becoming less clerical in nature.

Revise citations, incident reports, and other routine forms, including reporting forms (e.g., complaints, etc.).

In collaboration with the ITO, update the college's campus security and safety webpage on the college's website to include updated contact information, security, and safety including fire safety tips, allowing access to the college's disaster plan and emergency preparedness plan, and others.

The college's campus security to conduct or facilitate in-house for security officers in the areas of, but by no means not limited to, applicable US Federal regulations, e.g., Clery Act, VAWA, Title IX, FERPA, etc., incident report writing, patrolling, etc. (06/24/2020)

<p>2019-2020 CS&S Outcome 2 - Continue to provide a 24-hour, 365-day Services essential to maintaining a reasonably safe and secure environment in which member of the college community can pursue their various activities, and the college can fulfill its mission.</p> <p>AUO Status: Inactive AUO Assessment Cycle: 2019 - 2020 Start Date: 10/01/2018 Inactive Date: 09/30/2019</p>	<p>Descriptive Statistics - Continue to maintain an adequate staffing level for campus security and safety college-wide. Target: Meet the recommended staffing level for campus security and safety college-wide</p>	<p>Reporting Period: 2019 - 2020 Target Met: No</p> <p>The recommended staffing level for the college's campus security and safety, system-wide, is 47 security officers, i.e., in order to provide a 24-hour, seven days per week security and safety services, three shifts per day (8:00 AM to 4:00 PM, 4:00 PM to 12:00 Midnight, and 12:00 Midnight to 8:00 AM shifts), and with the recommended number of security officer per shift, based on the campus' needs.</p> <p>National Campus</p> <p>The campus has an area of 73 acres. The recommended staffing level for the campus' security and safety is 13 security officers and a security and safety supervisor who has oversight of the college's campus security and safety, system-wide. To provide 24/7 security and safety services, a minimum of three security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 3 security officers = 504 hours per week. 13 security officers can provide 520 hours of security works per week.</p>	<p>Improvement: As of report, there are unfilled positions in the CS&S, college-wide. While these positions had been advertised in the anticipation of having them filled up, there were cases where some positions had be to re-advertised either due to no applicants or applicants did not satisfy the minimum qualifications for the positions as advertised. Additionally, there had been some significant turn-around in the hiring of security officers, e.g., CTEC's five security officers. Thus, CS&S supervisor shall continue to follow-up and work with HRO to ensure shorter turn-around in the hiring of full-time security officers.</p>
<p>As of assessment report, the campus' security and safety has only 12 security officers, and a security and safety supervisor, as a result of the termination of one security officer, and the resignation of two security officers. Of these twelve security officers, eleven are employed as regular or full-time staff, while one on-special contract.</p> <p>Kosrae Campus</p> <p>The campus has an area of 5 acres. The recommended staffing level for the campus' security and safety is five security officers, i.e., one security officer per shift. 24/7 security and safety operation requires 168 hours per week. The five security officers can provide 200 hours of security works per week. As of assessment report, the campus' security and safety has an adequate staffing level.</p> <p>Career & Technical Education Center (CTEC)</p>	<p>CS&S supervisor continues to collaborate with the student services coordinators (SSCs) or points-of-contact at the state campuses, including FSM-FMI, especially in developing work shifts or schedules to ensure 24-hour, seven days per week security and safety services, three shifts per day (8:00 AM to 4:00 PM, 4:00 PM to 12:00 Midnight, and 12:00 Midnight to 8:00 AM shifts), and hiring of security officers on special contracts to temporarily address the gap in staffing level. (06/28/2020)</p>	<p>CS&S supervisor continues to collaborate with the student services coordinators (SSCs) or points-of-contact at the state campuses, including FSM-FMI, especially in developing work shifts or schedules to ensure 24-hour, seven days per week security and safety services, three shifts per day (8:00 AM to 4:00 PM, 4:00 PM to 12:00 Midnight, and 12:00 Midnight to 8:00 AM shifts), and hiring of security officers on special contracts to temporarily address the gap in staffing level. (06/28/2020)</p>	<p>CS&S supervisor continues to collaborate with the student services coordinators (SSCs) or points-of-contact at the state campuses, including FSM-FMI, especially in developing work shifts or schedules to ensure 24-hour, seven days per week security and safety services, three shifts per day (8:00 AM to 4:00 PM, 4:00 PM to 12:00 Midnight, and 12:00 Midnight to 8:00 AM shifts), and hiring of security officers on special contracts to temporarily address the gap in staffing level. (06/28/2020)</p>

The campus has an area of 16.6 acres. The recommended staffing level for the campus' security and safety is 9 security officers, i.e., two security officers per shift. To provide 24/7 security and safety services, a minimum of two security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 2 security officers = 336 hours per week. The nine security officers can provide 360 hours of security works per week. As of assessment report, the campus' security and safety has five full-time security officers and two part-time security offices due to the termination and resignation of two security offices.

Chuuk Campus

The campus has an area of two acres. The recommended staffing level for the campus' security and safety is nine security officers, i.e., two security officers per shift. To provide 24/7 security and safety services, a minimum of two security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 2 security officers = 336 hours per week. The nine security officers can provide 360 hours of security works per week. As of assessment report, the campus' security and safety has only seven security officers. Nonetheless, the hiring of the additional two security officers is in progress.

Yap Campus

The campus has an area of seven acres. The recommended staffing level for the campus' security and safety is five security officers, i.e., one security officer per shift. 24/7 security and safety operation requires 168 hours per week. The five security officers can provide 200 hours of security works per week. As of the assessment report, the campus' security and safety have an inadequate staffing level. The campus has only four full-time security officers; however, the hiring of two additional security officers is in progress. To maintain 200 hours of security and safety operation per week, the campus currently requires overtime works for its security and safety officers.

FSM Fisheries and Maritime Institute (FSM-FMI)
The recommended staffing level for the campus' security and safety is five security officers, i.e., one security officer per shift. 24/7 security and safety operation requires 168 hours per week. The five security officers can provide 200 hours of security works per week. As of the assessment report, the campus' security and safety have an inadequate staffing level. The campus has only three full-time security officers and one part-time security officer to maintain 200 hours of security and safety operation per week, the campus currently has one position that will be re-advertised. (06/28/2020)

Improvement Plan: Continue to work with the college's Human Resources Office (HRO) and the student services coordinators (SSC) or point-of-contact/lead at the state campuses on the hiring of security officers to fill in current vacancies; as such, meeting the recommended staffing level specific of each campus. While the hiring of regular or full-time security officers are in progress, consider temporarily addressing the gap by hiring security officers on special contracts.

Review routinely work shift schedule to ensure 24-hour, seven days per week security and safety services, (8:00 AM to 4:00 PM, 4:00 PM to 12:00 Midnight, and 12:00 Midnight to 8:00 AM shifts),

2020-2021 EMSS CS&S Outcome I-US Federal Compliance - 2020-2021 CS&S Outcome 1 - 2020-2021 CS&S Outcome 1 Maintain compliance with applicable US federal regulations, such as but by no means not limited to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or the Clery Act (1990) as amended in 2015 (Clery Act Violence Against Women Act (1994), as amended in 2015 (VAWA) Title IX, Education Amendments of 1972 (Title

Collaborate with the student services coordinators (SSCs) or point-of-conduct at the state campuses, including FMI to ensure 24 hours, seven days per week security and safety services, three shifts per day (8:00 AM to 4:00 PM, 4:00 PM to 12:00 AM, and 12:00 AM to 8:00 AM shift), and hiring of special contracts to temporarily address the gap in staffing level.
Target: Meet the recommended staffing level for campus security and safety college-wide and to hire special contract to temporarily address the gap in staffing level

Reporting Period: 2021 - 2022
Target Met: No
 NATIONAL CAMPUS:

The campus has an area of 73 acres. The recommended staffing level for the campus safety and security is 13 security officers and a security supervisor who has oversight of the college's campus security and safety system-wide. To provide 24/7 security and safety services, a minimum of three security officers are assigned per shift or three shifts per day. Simply put 24/7=168 hours (per week) x 3 security officers = 504 hours per week, 13 security officers can provide 520 hours of security work per week. As of the assessment report, the campus' security, and safety has an adequate 11 security officers who are on full-time status and an additional one part-time security officer.

Improvement: Recommended adequate staffing for each state campuses. (09/07/2021)

KOSRAE CAMPUS:

The Campus has an area of 5 acres. The recommended staffing level for the campus security and safety is 5 security officers, i.e., one security officer per shift. A 24/7 security and safety operation requires 168 hours per week. As of the assessment report, the campus security and safety has an adequate 5 staffing level.

CTEC-POHNPEI

The campus has an area of two acres. The recommended staffing level For the campus' security and safety is 9 security offices, i.e., two security Offices per shift. To

provide 24/7 security and safety services, a minimum of two security officers are assigned per shift or three shifts per day. Simply Put, 24/7=168 hours (per week) x 2 security officers=336 hours per week. The nine security officers can provide 360 hours of security work per Week. As of the assessment report, the campus security and safety has 6 security officers who are on full-time status and 3 security officers who are currently on part-time status. CTEC needs 9 security personnel to meet the recommended staffing level.

CHUUK CAMPUS

The campus has an area of two acres. The recommended staffing level for the campus' security and safety is 9 security officers, i.e. one security officer per shift. To provide 24/7 security and safety services, a minimum of two security officers are assigned per shift or three shifts per day. Simply put, 24/7 = 168 hours (per week) x 2 security officers = 336 hours per week. The nine security officers can provide 360 hours of security work per week. As of assessment, campus security and safety has 5 security officers who are on the regular status and 3 on special contracts. There were 4 regular positions that were interviewed and a recommendation was submitted to HR for processing.

YAP CAMPUS

The campus has an area of 5 acres. The recommended staffing level for the campus' security and safety is 5 security officers, i.e. one security officer per shift. A 24/7 security and safety operation requires 168 hours per week. The five security officers can provide 200 hours of security work per week. As of the assessment report, the campus' security and safety has an inadequate staffing level.

FMI - FISHERIES AND MARITIME INSTITUTE

The recommended staffing level for the campus' security and Safety is 5 security officers, i.e., one security officer per shift A 24/7 security and safety operation requires 168 hours per week. The five security offices can provide 200 hours of security work Per week. As of the assessment

report, the campus's security and safety have 4 security officers who are on permanent status. A request was submitted to HR to re-open a security officer 1 position. (05/24/2022)

Improvement Plan: Work with the state campuses and HRO in hiring additional security to meet the recommended staffing level.
