

Assessment: Administrative Unit Four Column

C - EMSS - Student Life, Residence Halls, Health Services, Sports and Recreation

Mission Statement: [Office of the Director of Student Life]

The Office of Student Life provides COM-FSM students with a safe and enjoyable living environment conducive to academic success, community development and personal growth. Through campus collaboration, promotes scholastic achievement, encourages respect for self and others and prepares students to explore their place in the larger community.

[Health Services]

The Health Services of the Division of Student Life under the college’s Department for Enrollment Management & Student Services (EMSS) is committed to providing essential basic health care services to individuals within the college community to improve their health status and promote their quality of life using integrated care including promotion of health prevention of illness and restoration of health.

[Sports and Recreation]

To enrich the educational experiences of tertiary students through sports and recreation in the FSM.

[Residence Halls]

To provide a comfortable, safe, well-maintained and enjoyable living environment that fosters respect for self and others and supports the academic and social goals of resident students. It is our aim to accomplish this mission through outstanding customer service and professional facilities management.

<i>Administrative Unit Outcomes</i>	<i>Assessment Strategies</i>	<i>Results</i>	<i>Improvements</i>
<p>2023-2024 EMSS N SLHS: Outcome1- Effective communications - Design and implement a course of action to alleviate major barriers to health care currently faced by students. AUO Status: Active AUO Assessment Cycle: 2023 - 2024 Start Date: 10/01/2023 Inactive Date: 09/30/2024</p>	<p>Descriptive Statistics - The Health Service clinic nurse will continually demonstrate effective communication methods to manage student needs and to interact with other healthcare providers. Target: Target: at least 80% of the students will effectively communicate their health needs, understand and follow written/oral instructions.</p>

designed common spaces is crucial, as they foster collaboration, interaction, and a sense of community among students and staff alike. This commitment to providing a conducive and inclusive space will contribute to the overall success and satisfaction of the residents.

Target: Ensure a superior level of satisfaction among residents by establishing ambitious targets for the provision of ample spaces and top-notch facilities in residence halls. Our ultimate goal is to attain a minimum satisfaction rate of 85% among residents, effectively meeting their needs and surpassing their expectations.

Survey - We strive to offer residents a superior living experience by providing well-maintained and fully functional facilities that cater to their needs with a range of amenities, including lounges, computer labs, inviting dining areas, and more. These are designed to support the various services we offer, ensuring that our residents have the access they require for a comfortable and convenient stay.

Target: A satisfaction rate of at least 85% with the facilities of residence halls is crucial, as it serves as a testament to the effectiveness of the residence halls in providing comfortable, safe, and well-maintained living spaces to enhance the overall residential experience.
